1. (U) CIA does not concur in the forwarding of referenced drafts to NFIB in the format in which they were disseminated to the Security Committee. Specifically, issue is taken with the inclusion in the text itself and in the footnotes of dissenting opinions.

2. (U) Attached is a copy of the proposed directive and regulation, annotated to delete those portions with which CIA nonconcurs. Any minority dissenting views may be forwarded to NFIB but in a separate cover memorandum rather than in the texts of the directive and regulation.
